Summer Session

1935

June 10 to
July 19, 1935.

THE PLAN OF THE 1935 SUMMER SESSION

The regular summer session at the Moorhead State Teachers College opens Monday, June 10 and closes on Friday, July 19. The tentative schedule of courses for the six-weeks session is printed on the last page of this bulletin. For a description of these courses, the reader is referred to the College catalog, a copy of which will be sent on request.

During the session all students regularly enrolled carry eight quarter hours of work. Most of the courses offered are four-hour courses. Each class meets four times a week for double periods. Physical Education or Applied Music may be taken in addition to the eight-hour load. Students who have a B plus average may be granted the privileges of carrying ten hours if application is made to the scholarship committee. This privilege cannot be granted to students for their first term in residence.

The wide range of subjects and the recreational opportunities will satisfy the needs and interests of all. The experienced teacher who desires to improve his status, a desirable goal particularly in the present economic situation, will find professional courses that will reveal present trends and demands in education. One primarily interests in cultural studies as an aid to a broader preparation will find many attractive offerings in music, art, and literature.

The courses scheduled may be applied on the requirements of (1) the four-year degree curriculum; (2) the two-year standard diploma; or (3) required work for renewal of limited elementary certificates.

MOORHEAD TEACHERS COLLEGE STANDARDS

Moorhead State Teachers College is maintained by the State of Minnesota for the training of teachers for the public schools of the state. The institution is a member of the American Association of Teachers Colleges. Credits earned at Moorhead are accepted by other colleges in so far as such credits meet established requirements.

The various curricula are organized to meet the specific requirements for teachers certificates in Minnesota. All certificates in Minnesota are issued through the State Department of Education and are based on the completion of definite courses of training. Each curriculum is arranged on the basis of (1) constants, (2) variables, and (3) electives.

The variables put the emphasis on one of the following fields:

Elementary (including primary, intermediate and rural)

Secondary (including junior and senior high school)

In accordance with this plan, Minnesota certificates of different grades qualify the holders to teach in the elementary school, the junior high school and the senior high school. Credits earned at Moorhead Teachers College are generally accepted by other states as meeting their requirements for the endorsement or renewal of certificates.

The summer school is cared for by the regular staff. The management of dormitories, the health supervision of the students, and classroom instruction are in the hands of regular members of the college staff.

LIVING ACCOMODATIONS

A deposit of \$5.00 with the application of each individual is required to secure a reservation of a room. This amount will be applied on the rent for the first month. Make draft or money order payable to Moorhead State Teachers College.

In case the applicant does not wish to occupy the room the fee will be returned, provided the reservation is withdrawn ten days before the opening of the term.

There are on the campus living accommodations for both men and women. The two residence halls, Wheeler and Comstock, provide by far the best living conditions for women. They are located near to class activity and campus interests; in summer the large brick buildings are cool and pleasant; the dining room, the coolest spot in Moorhead, provides an attractive, comfortable place to take one's meals. The bathrooms with their new modern plumbing are supplied with hot water each day. The redecorating and refurnishing of the rooms and parlors make these homes comfortable and attractive.

For summer session room rental will be as follows:

4th floor rooms, two to a room.....\$6.00 each for the six weeks
2nd and 3rd floor, two to a room.....\$7.50 each for the six weeks
1st floor rooms, two to a room.....\$9.00 each for the six weeks
Single rooms may be had for two dollars extra for the six weeks.

The men's hall was made available for the men through the reconstruction of the old Exchange building. In addition to the supervisor, twenty-six men make their home in the hall. Twin beds for each room is a feature of the bed-

RECREATION AND ENTERTAINMENT

TOURS. As usual the Geography Department will conduct a number of attractive tours for the benefit of those who wish to take advantage of them. These include the following:

Lake of the Woods. June 29-30. By bus to Baudette where we will be taken by auto and launch to Calvert's Camp on an island in the lake. Time may be spent here in bathing, fishing, hiking. A short launch cruise of the lake will be provided. This is an ideal trip for a refreshing outing. Cost will be \$9.75 for transportation from Moorhead and return, lodging Saturday night at Calvert's Camp and the meals taken at Calvert's. Saturday evening dinner and Sunday breakfast and dinner. Boats and other camp facilities will be free.

Southwestern United States, Mexico, and Mexico City. July 20 to August 17 inclusive. Features include Denver, Colorado and environs, Manitou and Pikes Peak, and vicinity with Pikes Peak trip to top and return by auto and rail, Mesa Verde National Park and Cliff Dwellers, Elephant Butte Dam, Carlsbad Caverns, route into Old Mexico via Monterey over the newly completed Pan-American Highway, Mexico City and vicinity with its marvelous features and culture and the volcanoes of Popocatepetl and Ixtaciuatl. We return directly via Dallas, Tulsa, Topeka. This tour costs \$142.50 and includes transportation, lodging, ten of the meals, listed side trips, guide, ferry, and toll charges, tourist card, and baggage tips. Four quarter hours college credit allowed for those who register for credit and who do preliminary reading and present final report. We want to assure prospective registrants that we are taking every precaution for safe and pleasant transportation, and comfortable accommodations. In Old Mexico we have selected only the best available hotels which provide American food in so far as is possible. Native food is almost impossible for uninitiated Americans.

PHYSICAL EDUCATION

Summer students have every reason to be interested in the activities of the Physical Education department. They come to the College to acquire new zest for the winter task of teaching. That zest is, to be sure, largely mental. No modern teacher deceives himself, however, by attempting to stimulate the mental while ignoring the physical and social sides of his being.

The summer slogan of the department might well be "A sane mind in a sound body for every teacher in Minnesota." Do you know that the College offers you the use of a fine swimming pool, constantly safeguarded by every modern sanitary means and in charge of especially trained Red Cross Senior Life Savers who are "Examiners" as well?

The College maintains tennis courts, an archery range, horseshoe courts and two thoroughly modern gymnasiums equipped for types of activity to suit every taste. Friendly troupes, under expert supervision, take purposeful hikes, cook out of doors, enjoy simple games and stunts. Do you know that regulation Camp Fire Girls activities are a part of the summer program? You may take part in any or all of these things without payment of any extra fees other than the very nominal ones paid at registration.

If you need credit toward graduation (every graduate, either two-year or four-year, needs six terms of Physical Education) the instructors in the department will be glad to show you how you may participate in those activities best suited to your tastes and needs.

Bring your tennis shoes and racket, too, if you have one. Bring some cool sport clothes, knickers, shorts, or what you like. There is no required costume in summer. If you want to swim and are not sure whether it will be good for you, the department recommends that you check up your heart and lungs with your own doctor.

room furnishings. A large parlor in which is the usual furniture, including a piano, adds to the happiness and congeniality of the group. The small number of rooms available, the fact that the hall has been filled to capacity from the beginning, and the low rental charges, make it advisable for those desiring rooms for the summer session to make their application early. For the entire six-weeks summer term, rental charges per person will be \$6.00 and \$7.50, depending upon whether side or corner room is selected.

It is expected that those who room in the residence halls will take their meals in the campus dining room in Comstock Hall.

Board for women and men will be charged for at the following rates:

3 meals per day, 7 days per week.....\$25.00 for the six weeks
3 meals per day, 5 days per week.....\$22.00 for the six weeks

No reduction or refunds will be made for absences of less than one week.

Those living off-campus may have the privilege of dining in the Hall at the same rates as resident students.

Any off-campus rooms must be secured from the approved list in the offices of the dean of women or the dean of men.

ADMISSION AND CREDITS

The College reserves the right to accept or reject any applicant for admission on the basis of health, character, and fitness for teaching. These are regarded as prerequisites for admission.

Applicants holding a diploma from an accredited high school will be admitted to collegiate courses without examinations, provided they submit a transcript of their high school record. It is desirable to mail this transcript to the registrar prior to registration day, June 10. Credits will be withheld from students who do not present entrance credits.

Students who have attended other colleges must have their college transcripts sent to the registrar ten days prior to registration.

Holders of first grade certificates will be admitted during the summer session to first year college classes. Professional credits may thus be earned to meet renewal requirements.

Holders of limited elementary certificates based on work taken at a high school normal training department or a Minnesota Teachers College may take work toward the completion of their standard two-year diploma or toward a degree, if their credits have been filed with the registrar.

REGISTRATION AND FEES

Registration will begin Monday morning, June 10, at 9:00 o'clock and continue through the day. Class work will begin with the first period on Tuesday, June 11. Except by very special arrangement with the president there will be no registration after Tuesday. Students who do not complete registration on Monday will be charged the regular late fees in addition to the tuition.

The fee for the six-week session is \$13.50. This covers the loan of textbooks as well as the incidental fees for lyceum, registration and other activities. Non-residents of Minnesota will be charged tuition of \$5.00 in addition to the regular \$13.50.

Private lessons in voice, piano, or violin will be \$12.00 for the six-week period. Ten lessons are given, one lesson a week during the first and last weeks and two lessons the other weeks. Pianos may be rented at the college for one or two hours a day.

Payment of all college accounts should be made in cash, money orders, or cashiers checks. Personal checks will be accepted **for collection, only.** ALL ACCOUNTS ARE PAYABLE IN ADVANCE.

If you desire more complete and specific information about any of the courses or requirements, field trips, living accommodations, address inquires to:
